Birthdate: 27.08.1999

Profile:

Professional with high technical vision. Starting my way in the industrial world. Studying in Afeka college for B.Sc in software engineering. Would like to utilize my potential and skills in mechatronics and gain experience in the technical field. Searching for a place to work at while studying (Night school, starts at 5pm).

Education:

25.10.2022: starting B.Sc in software engineering at Afeka college.

October 2019 – July 2022: Practical mechanical engineering (mechatronics)

- Basic Knowledge in solidworks sketch program.
- Basic knowledge in C++

June 2017: Graduated from “Shevah Mofet – Amal” high School in Tel-Aviv

- Graduated from Mechatronics engineering course of study.
- Full matriculation
- Mechatronics engineering (10 study units), Chemistry (5 s.u), Physics (5 s.u), Math (5 s.u), English (5 s.u)

Working experience:

April 2022 – now: working as integrator & mechanic in Velox ltd.

- Repairing, maintenance & upgrade/assemble an alpha machine
- Software upgrade on electronical devices

Army:

March 2018 – July 2019: Served in the IDF

- Served in Golani brigade as a combat soldier, spike rocket user.
- Disabled Veteran, fully recovered after shoulder & arm nerve injury.
